San Diego Chapter Having a Ball

By George J. Bartolomei, CVS-Life

Phase I of our VFOM (Value For Our Members) program was completed on 28 July 2010, at PetCo Park in San Diego, CA, where chapter members and guests attended a tailgate party and Padres baseball game. Chapter President Aaron Rouch loaded his truck with a gas-fired BBQ grill and coolers with a wide variety of refreshments. VP-Membership Ed Stewart loaded his truck with 16 pounds of tri-tip steak, veggie trays, chips and guacamole, relishes, and cookies. Together they cooked up a most enjoyable, early evening, pre-game event that was topped only by a Padres win over

their nemesis baseball club, the Los Angeles Dodgers!

Because we had a block of 24 tickets, the scoreboard at PetCo Park posted a “Welcome San Diego Chapter, SAVE International” message for over 30,000 game attendees to view, plus all who tuned into the game on worldwide TV. (Added value for a fun event!!)

Our next VFOM events will be a free family-oriented picnic in September, and perhaps a free one-hour “Introduction to the Value Methodology” for new members and additional interested parties on our “prospect list”.

Welcome, New Members!

SAVE International® warmly welcomes those who joined the society in July. Individuals with the “S. SAVE Intl.” designation are student members.
