The U.S. Olympic Training Center:
Come See Where Olympic Athletes
Are Made

The U.S. Olympic Training Center is the first USOC training facility to be master-planned from the ground up and is dedicated to the development of America's future Olympic athletes. The year-round, warm weather facility in Chula Vista, California, supports nine Olympic venues: archery, rowing, canoe/kayak, soccer, softball, field hockey, tennis, track and field, and cycling. An estimated 4,000 athletes a year come to the 150-acre complex to receive the coaching, support and facilities necessary to be their best.

Cost:
