

## SAN DIEGO CHAPTER

### JANUARY MEETING ANNOUNCEMENT

## *Board Meeting and Planning Session*

**Wednesday 14 January 2009, 6-8 PM**

**Location: Glenwood Springs Club House  
(Scripps Ranch Community)  
10470 Crosscreek Terrace,  
San Diego, CA 92131**

This will be our first meeting of 2009, and we want to plan events to serve a variety of interests for members, associates and friends. To that end, we are conducting an 'open' session in January to gather as many ideas as we can from those who attend, and set dates wherever possible so all can mark their calendars for the full year.

Attached is a list with some of our advanced planning. A prime focus will be the "Project Optimization" Series that intends to have speakers from ASPE (American Society of Professional Estimators), SAVE, International, and CMAA (Construction Management Association of America) discuss key aspects of their disciplines that contribute to "Project Optimization". We want to know what YOU, our members and associates, would like to have covered in each of those sessions, so send your suggestions to George Bartolomei if you can't make this January meeting. In any event, PLAN to attend the Series or individual sessions on the dates shown.

To further encourage your participation, we will provide complimentary pizza, wine and soft drinks for the meeting, and a chance to network in comfortable and casual surroundings at the Glenwood Springs Clubhouse.

#### **Driving Directions:**

Take I-15 to Mira Mesa Boulevard, head East to its dead end (about ½ mile), take a right at that light, past the new condos and to the second light, turn left (East) on Scripps Lake Drive. Take SL Drive up the hill past the entrance to Miramar Lake, continue through the light at the top of the hill, and the first road on your right (past the school field) will be Alderbrook Drive...it'll have a big Glenwood Springs sign at the entrance. Take a right down Alderbrook, then cross the street at the stop sign and go into the Clubhouse parking area.

NO parking on the streets, but ALL marked parking spaces at the Clubhouse and residences are for visitors!
